<i>A Midsummer night's dream</i>	Electrician & Prgmr	Jared Land, LD	UTA	2017

ELECTRICS WORK STUDY: 2017-2021

As a work study student, I worked on 8 productions every year as a secondary supervisor. My responsibility included helping to lead hangs and focuses as well as taking on additional projects (like building practicals, making extra cables, and creating a cleaner organizing system for our gobos). I was often given a team of students to lead while our professor was working on another show in one of our other space. I was also responsible for attending most of the schools strikes to help make sure our space stayed organized and to make sure we could get more done in a shorter period of time.
